

7-1/2" WIDE ENGINEERED FRENCH WHITE OAK

FRENCH OAK, NATURAL COLORS

- Trees lowest 8' used to make red wine and bourbon barrels. Palladio uses the next 8'
- Fumed and Lime-Washed for a timeless look. Rich color emerges due to high tannin content
- Also available in elegant American Walnut

PROP 65 CERTIFIED

- Palladio does not contain any VOCs. It passes the most stringent testing for over 270 chemicals known to cause cancer, birth defects, or other reproductive harm.

ECO-FRIENDLY

- 300 year history of sustainable forest management
- Harvested only at full maturity from verified managed growth forest
- PROP 65, CARB II, and PEFC certified
- Contributes to LEED credits
- Free of Urea Formaldehyde
- Fumed (smoked) finish for natural colors without stain

WARRANTIES

- Lifetime Structural Warranty
- 50 year Residential Surface Warranty
- 5 year Light Commercial Surface Warranty

HIGH QUALITY & VALUE

- Crafted with precision Italian machinery
- Cold press lamination takes longer to cure but results in more durable, stable planks
- Lifetime Coating System with "Extreme Matte" Finish (7%) enhances the wood grain. The look of an oil finish without the maintenance
- Full 4mm hardwood surface, re-sandable up to 3x

LIVE SAWN FOR NATURAL FEATURES

- Traditional European "live sawn" uses the entire log. This produces quarter sawn, cathedral graining, and natural variations to create the character seen in historic French châteaux
- Empire is Prime Grade with knots up to 1/2". Whitewash and Aspen colors are Classic Grade with knots of less than 5/8". Other colors are Country Grade with filled knots up to 1.5". Walnut allows some sap wood.

EASY TO INSTALL

- Glue down, Staple down, or Float
- Great for condos and radiant heated floors
- Radiant heat compatible (up to 83° F)
- Urethane adhesives for glue down

EASY TO MAINTAIN

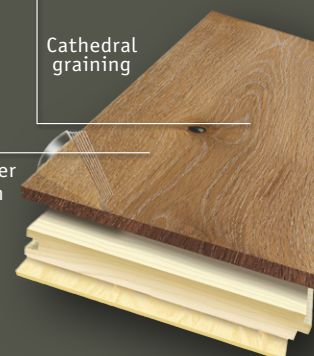

- No oil or wax maintenance
- Simply sweep, vacuum or dry mop
- Recoatable and repairable with Bona products

5-year limited light commercial

Wood is a natural material containing distinctive differences in color and grain configuration. It is these variations caused by nature that create the warmth and unique beauty of each hardwood floor. Wood swatches displayed may not show all potential of wood grain and shade.
